

A Matching Game Where Every Symbol Tells Part of a Métis Story

Infinity Matching Game

HOW TO PLAY

1. This deck has 31 cards — set one aside as a spare, kept safe in the tin in case a card is ever lost.
2. Split the remaining 30 cards evenly between two players (15 each).
3. Each player flips one card at the same time.
4. First to name the shared symbol keeps both cards.
5. Keep flipping until the deck runs out.
6. Most cards at the end wins.

No matter which two cards you flip, you'll ALWAYS find a match!
